

Century Group Provides Concrete Highway Crossings

Century Group Inc. recently manufactured and delivered lagless precast concrete grade crossing panels for a tangent and curved track application at a municipal location. The industry served by this railroad spur was extremely pleased with the concrete crossing panels and the longevity that they provide.

Century Group Inc. is one of the leading suppliers of concrete railroad grade crossing panels to railroads, light-rail transit agencies and industry across the U. S. For more information on Century Groups Inc.'s precast concrete railroad grade crossing panels or railroad spill containment pans email the Century Group Railroad Products Division or call 1-800-527-5232, Ext. 118.
