

Century Group Precast Concrete OSHA VPP Signs Delivered to Jeffrey Energy Center

The Century Group Inc. Precast Concrete Division had the opportunity to design for one of their customers, Jeffrey Energy Center out of St. Mary's, Kansas, the Voluntary Protection Plan sign monument that is the current rage of VPP STAR recipients across the United States.

Ms. Twila Mattia with Jeffrey Energy was truly impressed with the design and construction of this monument and was quick to respond back to the Century Group as to how bold looking and how the large design of the colorful star and other features. The precast concrete OSHA VPP STAR signs are manufactured of high-strength steel reinforced concrete that will endure inclement weather conditions including hurricanes. For more information on Century's OSHA VPP –STAR signs click on the link to email the Century Group Precast Products Division or call 1-800-527-5232, Ext. 165.
