Manufactures Park Sign for City of Port Neches, Texas

Century Group Inc. recently delivered a precast concrete entrance sign for Splash Park in Port Neches, Texas. The concrete sign was designed and developed by the City of Port Neches and Century Group to serve as the gateway to the City's recently refurbished park. The Splash Park sign was constructed of high strength steel reinforced concrete to withstand hurricane force winds and was placed and anchored to a structural concrete pad for extra stability. The sign will also serve as a structure to install plaques recognizing benefactors of the new park. For more information on Century Groups Inc.'s **precast concrete signs** and **other precast concrete products**, contact concrete@centurygrp.com, call 1-800-527-5232, Ext. 165 or visit www.centurygrp.com.
