

Century Group

Delivers Precast Concrete Stair Treads

Century Group Inc. recently delivered its precast concrete closed riser stair treads installed at the new Linder Family Tennis Center in Mason, Ohio. The stair treads were delivered to and installed by Vector Construction. The project also called for precast concrete stairway landings manufactured by Century Group.

The new stadium is one of the largest and most modern tennis complexes in the U. S. Century Group Inc.'s National Marketing Manager, Rob Robinson stated, "It was a great pleasure to work with Vector Construction on this project and it was a privilege to be able to supply our concrete stair treads and landings to the Linder Family Tennis Center. It is a world class facility."

For more information on Century Groups Inc.'s precast concrete stair treads and other precast concrete products email the Century Group Steps® Division or call 1-800-527-5232, Ext. 110.
