Sutherland Lumber Company is one of the largest privately owned home improvement center chains in the United States. Sales Representatives, Robert Nickel and Larry Pecar with Century Group attended the event promoting the precast concrete step line, concrete stair treads and other related concrete products. Century Group's Larry Pecar commented, "It was a great opportunity to meet with Sutherland's personnel and discuss the benefits and opportunities to both companies working as a team to market the precast concrete step product line. It was a very positive show and we look forward to a strong working relationship for years to come."
